1. General remarks

The prices and conditions for Interconnection contained in the present Annex of the VoIP Interconnect offer are applicable for the period as from the date indicated in the first page. Modifications can be made to these prices and/or conditions in the course of the year, in such case a new version of the present Annex will be published on the Proximus Wholesale website.

All prices mentioned in this Annex are VAT excluded.

Prices for other services not covered by the Offer can be obtained from Proximus on request.

In the relevant case, "Peak" period is the period between 08:00 to 19:00 from Monday through Friday, excluding Belgian legal holidays. "Off Peak" period is all other periods of time.

When applicable, each Successful Call will give rise to two charges: a fixed set-up charge and a duration charge taking into account the Chargeable Call Duration measured on a per second basis. Unsuccessful Calls are not charged.

2. Terminating Services

2.1 Calls to Proximus geographic numbers and split charging numbers

Rates as from 01/01/2022

Set-up charge (in eurocent)		Duration charge (in eurocent/min)	
Peak	Off Peak	Peak	Off Peak
0,000	0,000	0,07	0,07

These rates are applicable to the delivery of calls originated from Belgium or other EEA countries to the network of Proximus. The origin of a call is determined based on the country code of the calling party (the so-called A number). Therefore, a call is considered as from EEA origin if the country code of the calling party falls in the list provided here below

Country code	EEA Country
+43	Austria
+32	Belgium
+359	Bulgaria
+385	Croatia
+357	Cyprus
+420	Czech Republic
+45	Denmark
+372	Estonia
+358	Finland
+33	France
+49	Germany
+30	Greece
+36	Hungary

+386	Slovenia
+34	Spain
+46	Sweden
+354	Iceland
+423	Liechtenstein
+47	Norway

The rates above can also apply to calls originated from non-EEA origin provided the conditions mentioned in the EU Regulation are met. Proximus will inform the Operator for which non-EEA origin this is applicable.

2.2 Calls to Emergency Numbers

2.2.1 Calls to 100,101 and 112

Rates as from 01/07/2022

Set-up charge (in eurocent)		Duration charge (in eurocent/min)	
Peak	Off Peak	Peak	Off Peak
0,000	0,000	0,07	0,07

2.2.2 Calls to 102, 103, 104, 106, 107, 108, 117 and 119

2.2.3 Calls to Emergency Services which are not identified by 3 Digits

In case the Emergency Services are addressed by the geographic numbers characterising the network termination points of the Emergency Services concerned, the same prices apply as those indicated in §2.2.2.

In case the Emergency Services are addressed by 116000, a 0800 or a 070 number, the following prices will be charged to the Operator:

Rates as from 01/01/2022

Set-up charge (in eurocent)		Duration charge (in eurocent/min)	
Peak	Off Peak	Peak	Off Peak
0,000	0,000	0,07	0,07

In case of appeal against the “Commission Delegated Regulation (EU) 2021/654 of 18/12/2020 supplementing Directive (EU) 2018/1972 of the European Parliament and of the Council by setting a single maximum Union-wide mobile voice termination rate and a single maximum Union-wide fixed voice termination rate” and if the delegated regulation would be suspended, modified or annulled, following an appeal or any other court procedure, or in case of withdrawal of the said delegated regulation, or if the rates were to evolve on the basis of other regulatory actions, Proximus reserves all its rights to apply again the FTRs charged by Proximus before 1/7/2021 (hereafter “old FTRs”), and reserves its rights to retroactively claim the difference between the FTRs actually applied and the old FTRs or any other rates that would be imposed following the court procedure or regulatory action.

4. Testing fees

The capacity required for the testing will be charged according to §3.1 and §3.2.

No testing fees will be charged if the Operator support its own testing effort. In case of asymmetric testing efforts, Proximus and the Operator will agree on another testing effort repartition and the costs related to this.

In such case, Proximus will send an invoice to the Operator for these costs and the Operator will pay these costs within 30 calendar days following the date of the invoice sent by Proximus. These costs will have to be paid at the latest before the start of the testing activities. These costs should be seen as a minimum, Proximus reserves its right to adapt these costs in case the set-up requires more resources from Proximus.

5. Other fees

In case the Operator requires a change to be performed on the VoIP interconnect (change other than pure capacity related) Proximus will provide to the Operator the costs to perform that change such that it covers the implementation, configuration, testing effort required performed by Proximus.
